**MAY 28, MOTSA SORTING, START TIME 11 AM**

These are presently the changes proposed for the upcoming season:

Classes:

**-#8, Masters, #6, #4, #2, & Novice Draw ...** (the #2 and the Novice Draw are 2 separate classes - these classes are for the beginning and novice riders).

-All classes are 60 seconds. However, the (#2) class will sort 8 head, and the Novice Draw class will sort 5 head.

-**The #6, #4 and #2 will be a 1 draw\* mandatory class. Only 1 draw** (#6, #4, & #2 classes) is required regardless of how many "pick" rides you have. However, you may also draw for additional rides in these classes. The **Novice Draw** is a draw only class.

-The cost per class is the promoters option, however it is suggested that in the #8, Masters, #6 & #4 classes that there is a short go for the top 40% with 10 teams maximum.

**Any or all of the above still subject to revision** based on recommendations by the advisory committee\*\*.

\*\*Ratings, rule changes, added money distribution for next years Finals and Finals format will be determined by an "Advisory Committee", much like a Board (without by-laws, elections, and officers).

Note: Added money is made up of promoters fees, day fees, and participation fees, less awards and web site hosting.
