

My Story...

On February 24, 2012 I heard the words no one wants or expects to ever hear, “Lorri, you have stomach cancer.”

On March 29, 2012 I underwent a complete gastrectomy (removal of my entire stomach & a portion of my esophagus as well).

I am now A Survivor.

Only through God’s grace and the work of Dr. William Hawkins and his team can I make that statement.

Through personal experience, I can attest that Dr. Hawkins is authentic, genuine and passionate about his work...it’s not “just a job” for him.

To express my gratitude and try to help is the focus of this Ride for Research CTC. The proceeds will go directly to his research.

I thank you for participating.

The stuff you want to know...

The Ride for Research CTC will be held at Panther Creek Trail Rides in Tuscumbia, Missouri. A fabulous facility!

The official ride will consist of a 6 mile trail ride with 6 obstacles throughout the course of the ride. You will be judged on each obstacle based on ACTHA rules.

Cash jackpot (optional participation)

Silent Auction

Evening entertainment

Photographer

Ribbons & prizes

Open ride on Sunday

The stuff you need to know...

To register: www.actha.us

To reserve a campsite:

www.panthercreektrailrides.com or call 573-793-2372 and speak with either Dave or Theresa.

We need volunteers for the event, so even if you’re not a rider you may still participate and/or make a donation to the cause.

Send donations to:

Lorri Grueber, 113 Huntleigh Forest Dr, St. Louis, MO 63122

Questions: 314-452-8944

The "other" beneficiary of the ride...

ACTHA donates \$3.00 per rider to an equestrian organization of the host's choice.

I have selected MERS- the Missouri Emergency Response Service, Large Animal rescue.

MERS consists of 16 highly trained professionals from the local community that bring a wide range of expertise to the organization. MERS are all volunteers that receive no compensation for their services.
